| <p>In this unit, children will listen to 3 key stories which will be used across the curriculum. The stories will introduce them to key characters and settings of fairy tales.</p> <p>The children will also be given lots of opportunities to use the language of stories and to act out the stories in role play.</p> <p>Alongside these stories, we will continue to celebrate key events and follow the children's interests.</p> <p>The opportunities planned into the curriculum have been added to enhance children's understanding of the world around them. In the EYFS we enhance the provision and the planning based on the interests of the individual child so therefore the planning is subject to change at any time.</p> | <p>Week 5, 6 & 7 Children's Interests Valentines Day Pancake Day</p> |    | |
